Re: SEC v. Fabrice Tourre, Case No. 10-cv-3229 (KBF)

Dear Judge Forrest:

Together with the Law Offices of John P. Coffey, we represent Defendant Fabrice Tourre in the above-referenced litigation. We write to request that Your Honor allow us to arrange for the provision of secure high-speed wired Internet access in the courtroom as well as remote real time transcript feed.

Subject to the Court's approval, we will retain Courtroom Connect to provide these services, a vendor who has a contract with the Southern District of New York to be the exclusive provider of Internet access for attorneys. Courtroom Connect does not require any court resources to provide service and currently maintains a network in the courthouse that is 100% independent of the Court's internal network. Set up, installation and service fees will be paid for by Mr. Tourre at no cost to the Court.

We understand from Courtroom Connect that it restricts access to its network and ensures compliance with court security and directives in the following ways:

- The network will be a hard-wired, secure physical network connection utilizing a firewall and other security provisions.
- Onsite support, maintenance, monitoring, off-site user authentication, and many other measures are provided to ensure security and reliability.
- The network is totally separate from the court's internal network; it is therefore physically impossible for information on the court's existing systems to be accessed or compromised.

Courtroom Connect will make all necessary arrangements with the Court's District Executive Office and computer networking personnel. Sumit Chatterjee (phone: 650-814-5776) from Courtroom Connect is available to answer any questions about service and can provide any additional information that you would like.
